

Grand Council 2026

July 30th – August 1st

Title: Psilocybin and Depression: Considering the evidence

Date and Time of CE Activity: Saturday, August 1st, 2026, at 1:00 – 2:00pm

Location: The Galt House Hotel in Louisville, Kentucky

Overview: Millions of Americans and people worldwide live with depression symptoms. For many, their symptoms remain resistant to treatment. Others experience barriers such as stigma, lack of education, and lack of access. While pharmacists cannot overcome all barriers, they are highly qualified to educate patients and reduce stigma. Psilocybin received BT status from the FDA to be studied for MDD/TRD and is predicted to be available either late 2026 or early 2027. Knowledge of current evidence-based treatments and how psilocybin therapy may change that landscape prepares pharmacists to better educate their patients. This knowledge-based activity will review diagnosis criteria, current treatment guidelines, patient barriers, psilocybin pharmacology, Pharmacodynamics, pharmacokinetics, and clinical data. Theoretically, it will help pharmacists better empathize with the patients that may need it most.

Overall Activity Goal: The goal of this knowledge-based activity is to increase clarity around depression and psilocybin while promoting empathy for patients considering it.

Target Audience – This activity is primarily intended for pharmacists from all practice settings. No prerequisites required.

Learning Objectives:

Upon completion of these activities, the participant should be able to:

Psilocybin and Depression: Considering the evidence

0064-9999-26-065-L/H08-P (0.15 CEU)

Pharmacist Objectives:

1. Recognize the complexities for patients and clinicians navigating modern depression healthcare systems.
2. Review the current treatment recommendations for Major Depressive Disorder and Treatment Resistant Depression
3. Identify Barriers for patients seeking mental healthcare.
4. Cite current clinical evidence regarding psilocybin in Major Depressive Disorder and Treatment Resistant Depression
5. Translate increased depth of understanding to increased empathy in clinical practice.

Continuing Education Information – The University of Tennessee College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. Successful completion of this knowledge-based activity will provide a statement for up to 1 hours of CPE credit (0.10 CEU). Successfully completing the activity and receiving credit includes: 1) reading the learning objectives and faculty disclosures; 2) participating in the educational activity; 3) evaluating the activity; and 4) completing all self-assessment instruments and CE credit submission form. CE credit will be submitted to the NABP CPE monitor within 30 days. *It is recommended that you check your NABP CPE Monitor e-profile database 30 days after the completion of any CE activity to ensure that your credits are posted.*

NABP e-PROFILE ID NUMBER: Pharmacists with questions regarding their NABP e-Profile or CPE Monitor should refer to the FAQ section on the NABP website: <https://nabp.pharmacy/cpe-monitor-service/cpe-monitor-faqs/>. To receive credit for your participation in this activity, all pharmacists must include their **CORRECT** NABP e-Profile ID number, along with their month and date of birth. If incorrect information is provided, this will result in “rejected” status from the CPE Monitor. *It is the responsibility of the participant to notify The University of Tennessee (within the 60-day submission timeframe) of their corrected information. Otherwise, the completed CE will not be accepted by the CPE Monitor.*

Please allow up to 30 days for your credit to appear on CPE Monitor.

Type of Activity: Application

Registration Fees: (Various registration fees apply) \$99 - \$400

Full Disclosure Policy Affecting CPE Activities – As an accredited provider by the Accreditation Council for Pharmacy Education (ACPE), it is the policy of The University of Tennessee College of Pharmacy to require the disclosure of the existence of any financial interest or any other relationship a faculty member or a sponsor has with the

manufacturer(s) of any commercial product(s) discussed in an educational presentation. The Planning Committee and Participating Faculty reported the following:

Participating Faculty: Andrew “Andy” Krut, PharmD, RPh

Financial disclosures: Dr. Krut reported being a dispensary pharmacist and receiving salary wages with Curaleaf. All disclosures have been mitigated.

How to earn credit: Participants must complete the activity as described above in the Credit Designation Statement. In accordance with ACPE Criteria for Quality, the audience is advised that authors in this CPE activity may include reference(s) to unlabeled, unapproved, or investigational uses of therapeutic agents or biomedical devices. The presenters will inform the learner when they discuss or reference unapproved, unlabeled, or investigational use of a therapeutic agent or biomedical device.

Disclaimer Statement – The opinions and recommendations expressed by faculty and other experts whose input is included in this activity are their own. This activity is produced for educational purposes only. Use of The University of Tennessee College of Pharmacy name implies review of educational format, design, and approach. Please review the complete prescribing information of specific drugs or combinations of drugs, including indications, contraindications, warnings, and adverse effects, before administering pharmacologic therapy to patients.

Computer requirements: The broadcast will occur from a zoom webinar. Participants will need computer/tablet/or handheld device that includes an internet connection, speakers, microphone, and webcam. Supported browsers include Windows: Edge 12+, Firefox 27+, Chrome 30+ macOS: Safari 7+, Firefox 27+, Chrome 30+ or Linux: Firefox 27+, Chrome 30+. Processor and RAM requirements include Processor and RAM requirements: single core 1Ghz or higher and recommended RAM 4 Gb. Bandwidth requirements: For high-quality video: 1.0 Mbps/600kbps (up/down).

Grievance Policy – A participant, provider, faculty member, or other individual wanting to file a grievance with respect to any aspect of an activity provided or co-provided by The University of Tennessee College of Pharmacy may contact the Director of Continuing Professional Development at jwheele4@uthsc.edu. The grievance will be reviewed, and a response will be returned within 45 days of receiving the written statement. If not satisfied, an appeal to the Dean of the College of Pharmacy can be made for a second level review.

Activity – The following is an educational activity designed to help you gauge your basic knowledge of the topic and then direct you to areas you may need to focus on. It consists of an introduction, activity, and self-assessment via cases.
