

Grand Council 2026

July 30th – August 1st

Thursday, July 30th, 2026

2:15 – 3:45 pm

Briefly Debriefing: An Overview of Debriefing in Pharmacy Education and Practice

Ethan Rawl, PharmD

4:00 – 5:00 pm

Timing of Immunization during Pregnancy and After Birth

John D. Gräbenstein, RPh, EdM, PhD, ScD (Hon), FAPhA, FASHP, FRSPH

Friday, July 31st, 2026

2:15 – 3:15 pm

Introduction to Tensynovial Giant Cell Tumors (TGCT)

Julie Carter, PharmD, BCGP

3:30 – 5:00 pm

Clinical and Operational Frameworks for Gene Therapies in Specialty Pharmacy

Will Griffith, Jr. PharmD, JD, MBA

Saturday, August 1st, 2026

1:00 – 2:00 pm

Looking at Evidence for Psilocybin

Andrew "Andy" Krut, PharmD, RPh

2:15 – 3:15 pm

Pharmacy Benefit Managers: Understanding the System Behind the Prescription

Dillon Jerome Solliday, PharmD, MBA

3:30-4:30 pm

Student Research Showcase

Student Pharmacist Candidates

Target Audience – This activity is primarily intended for pharmacists from all practice settings. No prerequisites required.

Educational Objectives:

Upon completion of these activities, the participant should be able to:

Briefly Debriefing: An Overview of Debriefing in Pharmacy Education and Practice

0064-9999-26-061-L/H04-P (0.15 CEU)

Pharmacist Objectives:

1. Review debriefing and its applications in educational and practice settings
2. Identify strategies to strengthen feedback.
3. Review the essential element of the debriefing process.
4. Review the phases of the debriefing process.
5. Practice debriefing in a variety of scenarios.

Timing of Immunization During Pregnancy and After Birth

0064-9999-26-062-L/H06-P (0.10 CEU)

Pharmacist Objectives:

1. List the vaccine-preventable diseases that pregnant patients and their newborns are most susceptible to.
2. List the two ways to provide active immunity or passive immunity against respiratory syncytial virus (RSV).
3. (Given calendar month and gestational age), plan when influenza vaccine should be given to pregnant patient or infant.
4. (Given calendar month and gestational age), plan when Tdap should be given to pregnant patient or infant.
5. (Given calendar month and gestational age), plan when RSV vaccine or RSV monoclonal antibodies should be given to pregnant patient or infant.

Introduction to Tensynovial Giant Cell Tumors (TGCT)

UAN: 0064-9999-26-063-L/H01-P (0.1 CEU)

Pharmacist Objectives:

1. Describe differences and similarities between localized and diffuse TGCT.
2. List current treatment options for TGCT.
3. Identify barriers to care of patients.

4. Review strategies to educate providers and connect patients with available supportive care resources.
5. Review REMs requirements for applicable treatment.

Clinical and Operational Frameworks for Gene Therapies in Specialty Pharmacy

UAN: 0064-9999-26-064-L/H01-P (0.15 CEU)

Pharmacist Objectives:

1. Identify key clinical characteristics, therapeutic mechanisms, and disease targets within the current and emerging cellular and gene.
2. Describe the distinct operational requirements for managing gene therapies, including ultra-cold chain logistics and product integrity.
3. Explain the administrative navigation required for patient access, including manufacturer REMS compliance and specialized reimbursement.
4. Review multi-disciplinary care coordination models designed to safely manage high-cost pipeline therapeutics within specialty pharmacy.

Looking at Evidence for Psilocybin

UAN: 0064-9999-26-065-L/H01-P (0.10 CEU)

Pharmacist Objectives:

1. TBD.

Pharmacy Benefit Managers: Understanding the System Behind the Prescription

UAN: 0064-9999-26-066-L/H04-P (0.10 CEU)

Pharmacist Objectives:

1. Describe the structure and function of pharmacy benefit managers (PBMs).
2. Explain how PBM business practices influence patient health outcomes.
3. Identify the current regulatory landscape governing PBM practices.
4. Recognize opportunities for pharmacists to engage with PBM-related advocacy.
5. Identify strategies for improving patient outcomes at the systems level by applying knowledge of PBM mechanics.

Student Research Showcase

UAN: 0064-9999-26-067-L/H01-P (0.1 CEU)

Pharmacist Objectives:

1. Identify gaps in outcomes from diabetes education for African American populations.
2. Recognize culturally adapted diabetes education interventions tailored to African American populations.
3. Describe the pathophysiology and common signs and symptoms of migraines.
4. Classify the pharmacology of dopamine antagonists.

5. Compare common emergency department treatment strategies for acute migraine episodes.
6. Define key metrics used in Rutgers University flu clinic data across a five-year time period.
7. List strategies used to improve accessibility and awareness of Rutgers University flu clinics.

Continuing Education Information – The University of Tennessee College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. Successful completion of these knowledge and application-based activities will provide a statement for up to 8 hours of CPE credit (0.8 CEU). Successfully completing the activity and receiving credit includes: 1) reading the learning objectives and faculty disclosures; 2) participating in the educational activity; 3) evaluating the activity; and 4) completing all self-assessment instruments and CE credit submission form. CE credit will be submitted to the NABP CPE monitor within 30 days. *It is recommended that you check your NABP CPE Monitor e-profile database 30 days after the completion of any CE activity to ensure that your credits are posted.*

NABP e-PROFILE ID NUMBER: Pharmacists with questions regarding their NABP e-Profile or CPE Monitor should refer to the FAQ section on the NABP website: <https://nabp.pharmacy/cpe-monitor-service/cpe-monitor-FAQs/>. To receive credit for your participation in this activity, all pharmacists must include their **CORRECT** NABP e-Profile ID number, along with their month and date of birth. If incorrect information is provided, this will result in “rejected” status from the CPE Monitor. *It is the responsibility of the participant to notify The University of Tennessee (within the 60-day submission timeframe) of their corrected information. Otherwise, the completed CE will not be accepted by the CPE Monitor.*

Please allow up to 30 days for your credit to appear on CPE Monitor.

Type of Activity: Knowledge and Application

Registration Fees: (Various registration fees apply) \$99-\$400

Full Disclosure Policy Affecting CPE Activities – As an accredited provider by the Accreditation Council for Pharmacy Education (ACPE), it is the policy of The University of Tennessee College of Pharmacy to require the disclosure of the existence of any financial interest or any other relationship a faculty member or a sponsor has with the manufacturer(s) of any commercial product(s) discussed in an educational presentation. The Planning Committee and Participating Faculty reported the following:

Participating Faculty:

Ethan Rawl, PharmD
John D. Gräbenstein, RPh, EdM, PhD, ScD (Hon), FAPhA, FASHP, FRSPH
Julie Carter, PharmD, BCGP
Will Griffith, Jr. PharmD, JD, MBA
Andrew "Andy" Krut, PharmD, RPh
Dillon Jerome Solliday, PharmD, MBA
Chisom Ezenwenyi, PharmD Candidate
Sarah Wheeler, PharmD (Chisom Ezenwenyi's Advisor)
Evan Sisson (Chisom Ezenwenyi's Advisor)
Calvin Van Mai, PharmD Candidate
Michael Reichert, PharmD, BCCCP (Calvin Van Mai's Advisor)
An Nguyen, PharmD Candidate
Elizabeth Leoniuk, PharmD Candidate
Morgan Nguyen, PharmD Candidate
Jennifer Polyniak, PharmD (An Nguyen, Elizabeth Leoniuk, & Morgan Nguyen's Advisor)

Financial disclosures:

Dr. Rawl reported being a current consultant and former employee, receiving salary wages, of Oxford Global Resources and being the founder and CEO, receiving consulting fees, of Rare Disease Rx. All financial disclosures have been mitigated.

Dr. Will Griffith reported being a current employee, receiving salary wages, of Accredo Pharmacy, a Cigna company. All financial disclosures have been mitigated.

Dr. Andy Krut reported being a dispensary pharmacist receiving salary wages, from Curaleaf. All financial disclosures have been mitigated.

PharmD Candidate An Nguyen reported being a former intern, receiving salary wages, for Alector and CVS Pharmacy. All financial disclosures have been mitigated.

PharmD Candidate Elizabeth Leoniuk reported being a former intern, receiving salary wages, for Merck. All financial disclosures have been mitigated.

PharmD Candidate Morgan Nguyen reported being a former intern, receiving salary wages, for Gilead. All financial disclosures have been mitigated.

How to earn credit: Participants must complete the activity as described above in the Credit Designation Statement. In accordance with ACPE Criteria for Quality, the audience is advised that authors in this CPE activity may include reference(s) to unlabeled, unapproved, or investigational uses of therapeutic agents or biomedical devices. The presenters will inform the learner when they discuss or reference unapproved, unlabeled, or investigational use of a therapeutic agent or biomedical device.

Disclaimer Statement – The opinions and recommendations expressed by faculty and other experts whose input is included in this activity are their own. This activity is produced for educational purposes only. Use of The University of Tennessee College of Pharmacy name implies review of educational format, design, and approach. Please review the complete prescribing information of specific drugs or combinations of drugs, including indications, contraindications, warnings, and adverse effects, before administering pharmacologic therapy to patients.

Computer requirements: The broadcast will occur from a zoom webinar. Participants will need computer/tablet/or handheld device that includes an internet connection, speakers, microphone, and webcam. Supported browsers include Windows: Edge 12+, Firefox 27+, Chrome 30+ macOS: Safari 7+, Firefox 27+, Chrome 30+ or Linux: Firefox 27+, Chrome 30+. Processor and RAM requirements include Processor and RAM requirements: single core 1Ghz or higher and recommended RAM 4 Gb. Bandwidth requirements: For high-quality video: 1.0 Mbps/600kbps (up/down).

Grievance Policy – A participant, provider, faculty member, or other individual wanting to file a grievance with respect to any aspect of an activity provided or co-provided by The University of Tennessee College of Pharmacy may contact the Director of Continuing Professional Development at jwheele4@uthsc.edu. The grievance will be reviewed, and a response will be returned within 45 days of receiving the written statement. If not satisfied, an appeal to the Dean of the College of Pharmacy can be made for a second level review.

Activity – The following is an educational activity designed to help you gauge your basic knowledge of the topic and then direct you to areas you may need to focus on. It consists of an introduction, activity, and self-assessment via cases.
